

# KEY CLUB®

As most of you know, I Denver Twist am your newly elected Lieutenant Governor of division one. In my first newsletter, I will address what I plan on doing, with the help everyone in our division. I also wish to stress that there will be more from myself in the near future, so please check the website on a regular basis.

First off I would like to state my view of division one. I believe that we have the potential to be the strongest division in the entire state of the Montana district. We have the opportunity to be the leading division in our state, so please keep that in mind as you contemplate everything Key Club.

My major goal is to basically unite all of division one, into a force to be reckoned with. With lots of cooperation and team effort we have the possibility to really go places. I know it's a little late to encourage ICON (International Convention), but if you have any interest in going at all, don't hesitate to contact me at; [ltgovdiv1@mtkeyclub.org](mailto:ltgovdiv1@mtkeyclub.org). Along with becoming the strong division that I know we have the possibility to become, I believe we must stay in contact. Without communication we hinder our abilities to really work together.

Another target area for our division is activity on a District level. The 2009-10 board is fantastic; we are planning on going places and doing things. With that in mind, I have to say that I will do my best to work with everyone (District, and Local) to enrich our division. As chair for Governor's project (Greenpeace); I strongly encourage you to start doing a highway clean up or, work with you local Kiwanis club to clean a stretch of highway. If your club is already involved with a highway clean up, have your local Key Club start a recycling program at your school (or middle school). Imagine if all the recyclable material at your school was processed correctly; what a blessing that would be to our earth. If we all work together to save the planet, the task doesn't seem as daunting.

Please remember to check the website fairly recently, I will be posting a list of important dates soon. I will look forward to seeing your local board members for our division one trainer. Remember to get your reports in if you already haven't (reports are due on the 10<sup>th</sup> of every month). Have a great rest of your day, and remember; if we work together, we can accomplish almost anything.
