Governor's Project 2009-2010

If you attended this last District Convention, and you saw caucus speech, you would know that Amanda Bryant chose Greenpeace USA as her governor's project for 2009-2010.

Greenpeace USA originated in 1971 by a group of concerned citizens that wanted to help not just reduce, but inform others of the environmental dangers in the world.

In the past 30 years since Greenpeace originated, they have helped put a ban on commercial whaling, convinced the world's leaders to stop nuclear testing, protect Antarctica, and so much more.

Now with the rising threat of natural catastrophes like global warming, I feel that by picking Greenpeace USA, I feel that the Montana District could do its part in making the world a better place.

UPCOMING EVENTS!

Thank you one and all for your support throughout my campaigning at District Convention. Without the support of my division I don't know what I would have done. All my clubs are great. Whether it be Malta's drive by shoveling or Glasgow's hard work on Project Life Week. And my home club Havre, we have been consistent with the Ronald McDonald Pop Tabs. Thanks again.

This next year I really want our division to grow strong and build unity. The number of service projects this year is increasing greatly. I would love if every school could do all of them. However starting small is the only way to achieve a big goal. If every club will put forth their hardest work this year I think we can reach further than ever before and really rock out at the next divisional convention.

If any club needs help I am

always open to help you to be heroes and volunteer. On a side note next years' conventional theme is "Be a hero, Volunteer."

Service Projects

- Green Peace USA
- Project Life

Also I would like to congratulate all our new board members. Good luck in the upcoming year.
