Address _____ City _____ ZIP _____

Email (Please!) _____

Phone _____ Key Club Name _____

Position : Faculty Advisor Kiwanis Advisor Chaperone Kiwanian

Sex (Male Female) Are you willing to share a room with another advisor? Yes -- No

The Montana District Key Club Board has been evaluating the role of the advisors at Youth Conference, and other district events. The following are guidelines that we are recommending for advisors during this year's Conference.

Room checks should be performed at curfew (midnight). Advisors are recommended to go in pairs, with one male and one female. Make sure that all of the people that are assigned to that room are in that room, and confirm that either visually or, if in shower, verbally. It is also recommended that the advisor actually enter the room and do a quick, stand in place, search.

Please do not have Key Clubbers change rooming assignments—if there is a need please let us know at the District—Joe Burst, Ed Leland.

During general sessions, workshop sessions, and caucuses it is asked that the advisors check to see that all members from your club or division are present.

We also encourage advisors to help chaperone events:

We need adults to help us with our events, such as:

Dance

Workshops (please feel free to attend, the adult presence really helps)

The District would very much like to thank all of you for taking time out of your busy schedule to support our Key Clubbers.
