

## Mighty Montana District Key Club

Issue 2 (Summer)

>> "It... it....

...IT LIIIVVVVSSSS!!!!!" <<

### Back from the grave. I think.

My dear readers, I pose to you a question; can a computer be a zombie? If so, I'm typing on a zombie. Regardless of these problems, I've managed to work up the energy, time, and eventually stopped procrastinating to bring you the long anticipated Monkey 2.0! So let's get to it! Another year's ended, we watched our friends graduated, and now we've hit summer. For most of you that means partying. For the rest of us, it means work. Us Key Clubbers can't stop the service, but can put some it on pause. And so most of the State's Key Clubs go on pause, and some still meet and do stuff. It's stuff that keeps us sane, so I welcome it! However, I do not enjoy the stuff that drives me insane, like summer homework

and jobs. But it's a fact of life, and we must march on! So, for those of you not doing any stuff, what is the matter with you? Go do something constructive! Please?

Evan Sherman

To all Key Clubbers, the spotlight is getting ready, so who will take the stage? Do something amazing and it could be you! We'll give shout outs to Clubs, clubbers, and everything in between. What could be done, you ask? Well, something remarkable, something extraordinary, something worthy.
