Youth Conference!

Youth Conference is in Great Falls, Mt. From November 2nd– Nov.4th. This is a very, very fun time for our Montana District! Members from all around the state come for a fun, refreshing jam packed key club weekend!

If you are a new member of Key Club this is a really great time to learn about Key Club as a District and Internationally!

But if this isn't your first year as a Key Clubber this is really great time to get to know your District Board!

Early Registration is due by OCT. 15th!!! And the cost is \$75!

After Oct. 15 the cost goes up to \$100!! So get signed up early!

Youth Conference attendees having some fun!

Key Clubbers showin' us how to have a good time!

unicef 

UNICEF

Youth in the U.S. have been helping UNICEF improve the lives of their peers around the world with health, education, equality and protection for more than 56 years.

What was started by a Philadelphia youth group and their pastor in 1950—as a

Halloween project called Trick-or-Treat for UNICEF—has now evolved into a nationwide, year-round mobilization of young people engaged as active global citizens on behalf of the world's most disadvantaged children.

Youth, educators and parents continue this tradition of youth action today by learning about and supporting UNICEF—and helping make a critical difference in the lives of millions of children worldwide.

The Key Club of Great Falls High School has met twice for school club meetings and is in the process of accepting new members and filing information for the upcoming year,

Great Falls High

such as project proposals and organization. The Key Club also participated in a project for recycling e-waste, or electronic waste. Several members volunteered on Saturday, Sep-

tember 8 at the COT in Great Falls and helped with sorting and organizing the recycled material. The Club has several ideas for the upcoming month as well.

Columbus High School

This summer our main community service was putting up flags on appropriate holidays. We work together with our local Kiwanis to do these flag

routes. The members of our community and businesses located within our community

all have an opportunity to sign up for our routine flag routes. We simply place

a flag on the front porch, or where ever they would like it. We also had a few

officer meetings in which we got together to plan projects and

brainstorm ideas for this school year. The summer was a rather slow time for our club but we're

excited to get back into it!
-Sarah Devitt

Red Lodge High School

We had our first meeting of the new school year and we talked about

our local Fun Run which is a charity money raising event. We had 8 kids show up

to stand at the street corners to direct traffic. We also had our advisor and 3

kids run the booth which we had for the event. In our second meeting we had

many new kids show up to join.
-Hannah Dimich

Malta High School

This period of July and August we have been doing summer readings on Wednesday

throughout the month of July. We usually had about two people there for the

readings. The Kwianians donated some books to the library.

We also did "Relay for Life" the days of

10th and 11th of August. We had three people show up and participate up in Glasgow.

We also did Babysitting for the Head start. We had about 11 people show up to

help for an hour and 15 minutes. We will also be doing that tonight with 6

people.

We are also trying to start project life in Malta.

-Tom Christofferson

Miles City High School

School has just begun, and so our club just keeps on getting busier and busier. We did a few things to end the summer, and are planning many things for this upcoming year.

-Around six of our member helped out a local organization in stuffing back-packs for foster kids this summer. We helped put many items (from donations), including clothes, brushes, books, and blankets, into back-packs, so that when a

kid goes into the foster care program, they are sure to have a few things that they can call their own. We stuffed back-packs for infants, all the way up to teenagers.

-We also participated in Relay-For-Life. Our theme was finding a Key For the Cure. We had to walk from 7 pm to 7 am, and one member of the team had to be on the track at all times. We started out with around twenty kids, but when

daybreak came, only five of us were left.

-When the Fair came to Miles City we helped sell Fair-Gate tickets, alongside

Kiwanis Club. We sold the tickets for four days.

-Everyday at lunch we sell pizza for \$1 a slice, as a fundraiser. We sell at

lunch for around 10-15 minutes, and there are usually two members selling.

-We also do line-to-gain for junior varsity and freshman football. This involves 3-4 members.

-Skye Bartholomew

Key Club is the oldest and largest service program for high school students. What makes Key Club so successful is the fact that it is a student-led organization that teaches leadership through serving others. Members of the Kiwanis International family, Key Club members build themselves as they build their schools and communities.

Today, Key Club exists on more than 5,000 high school campuses, primarily in the United States and Canada. Growth efforts, however, have taken the Key Club experience internationally to Canada, the Caribbean nations, Central and South America, and most recently to Asia and Australia.

CMR

Hello! In September we did some pretty exciting things! For one we

did project pride, which is the "No Bullying" project. The key club board and

the advisor got No Bullying shirts and we sent posters out to all the English

classes and had the students sign them. Homecoming this year was a blast, on the

float decorations we won second. A lot of people helped with the float and

walked with it. The Bee Hive going on every Thursday is going quite well, a lot

of people are showing up and its getting to be fun. Same as the Boys and Girls

Club we have to girls that are in charge of that every week. National Public

Lands Day got a little chilly but it was still a good time. Even though it

rained kids still had fun and got fed. We have a State Farm project which is to

reduce the teen accidents. The Dues and Hours are coming up fast. We need fifteen

hours and fifteen dollars due by the 15th. We have a speaker coming from the

Eagles Manor to talk about the projects that we can do. We are also doing Head

Start, we help and have a lot of fun with children with parent meetings and

creating art, almost doing what a little kid does. National Kids day was so Fun

and exciting we played with the kids, helped them with their games and cooked.

Youth conference is also coming up really fast too. The children's museum is

hosting a spooktacular, which is going on Saturday, October 27th, they are

asking us to help set up work the even and clean up. We did back packs on

October 4th, we put them together for the kids who don't have anything. So until

next time; I will talk to you later,
Sincerely Suzy George.
