

Boys and Girls Club of America

Creating a Brighter Future For Our Youth

Our Mission

Since the creation of the organization in 1860 in Hartford, Connecticut, the purpose of the foundation is to help our youth reach their full potential. The belief that our children can become productive, caring, and responsible citizens through this program has impacted most of our youth. Creating opportunities for our children's future by providing education in the STEM field, knowledge of healthy lifestyles, and teaching life lessons is all part of the clubber experience. Providing a place full of promising and healthy learning experiences will help create better citizens for our future.
